During the last few weeks it has been brought to my attention that we all need a reminder about pace of play and golf course etiquette.

COURSE ETIQUITEE involves pace of play. It also means paying attention to your playing partners and playing efficient golf. These items apply to all golfers; low and high handicappers.

1. Do not all look for a lost ball. Hit, then help with the search. The entire search should take less than 3 minutes. MOVE ON.
2. DO NOT search for extra balls in the water or rough. This delays everyone, including your partners. Come back to hunt later. MOVE ON.
3. Do not finish your story or joke then get ready to hit. Save it for later. Believe me your partners do not come out to chat. MOVE ON.
4. Do not stop to greet anyone. Again that wastes your partner's time. MOVE ON, save it for later.

Now be aware of your pace of play. Remember YOU are responsible. However, we want each group to have someone to urge you and remind us all. The basic premise is to keep up with the group ahead of you. **PACE OF PLAY** is not about rushing your shots, it's about being ready to take your shot when it is your turn and behaving efficiently on the course.

1. Be prepared and play ready golf.
2. Know your club selection for your next shot; get the club ready.
3. Walk or drive to your ball while your partners are hitting if possible.
4. Take extra clubs with you if you are in question.
5. Be efficient, no more than one practice shot. Hit a provisional if need be and do not loiter. MOVE ON. You may need to replace your club when you get to the next shot etc.
6. Park you cart towards back of green; return to cart and MOVE ON. Score at the next hole.

7. When needed do not play honors, play **READY GOLF**. If you are ready hit your shot as long as it does not interfere with others. That includes on the green as long as it does not interfere with other player's line.

PACE OF PLAY main objective is to stay within 250 yards of the group ahead of you. When teeing off your position should be as follows. On a par 3, you should be on the tee when the group in front of you puts the flag in. On a par 4, you should be on the tee when the group in front of you is within 100 yards of the green. On a par 5 you should be on the tee when the group ahead of you is within 250 yards of the green.

Remember at Plumas Pines we have a standing rule that states "Golfer's should play ready golf and make every effort to keep pace with the group in front. If a group BEGINS to fall, they will be asked to break into twosomes and play as twosomes until they have caught up with the group in front. At that time, they may resume play as a foursome."

NOW BACK TO THE FUN.
